Welcome to Kastamonu
Entegre's world of
innovation.

 **KASTAMONU**

Welcome to Kastamonu Entegre's world of innovation.

We create surfaces and designs that adapt to evolving lifestyles, setting the trends of tomorrow! We have further enriched our collections that bring all the beauty of nature into your living spaces with new products featuring inspiring designs and innovative features. Immerse yourself in our model living spaces at the fair, where our latest products and inspiring innovations come to life before your eyes!

YÜZEY *new additions*

ART

A form of self-expression that reveals itself in every moment and every aspect of life... Art... inspired by nature's palette, depths of our emotions, and limitless power of our imagination. Buoyed by artistic inspiration, we blended nature's colors with the limitless power of our imagination. We have transformed each line into distinct patterns that capture the essence of artistic expression.

We brought together **Monet's** mastery of color with **Gaudi's** unique ability to mimic nature. We blended **Klimt's** mystical ornaments with the rich color palette of **Rubens' dynamic compositions**. We combined **Matisse's** expression of deep human emotions through simple forms, **Rembrandt's** portrayal of the human soul's complexity, and **Miró's** approach of liberating imagination with abstract shapes and vivid colors.

Perfect Harmony: Art surfaces with the register feature beautifully rendered textures, providing a rich visual and tactile experience. This feature ensures the surface is precisely aligned with the decorative paper. The resulting 3D texture captivates the eye and entices the touch, creating a depth of sensation.

Double-Sided Use: Art surfaces with dual-sided designs unleash boundless creativity and versatility in architectural endeavors. Designers can choose from Art surface patterns for their projects and creatively enhance the ambiance of the space.

SURFACE *new additions*

FLOW

Nature is in continuous flux...

Water... Wind... Time...

Inspired by this flow, our new Flow surface brings all the dynamism of nature into living spaces. Its fluid contours and seamless transitions imbue every space with a palpable sense of motion and vitality.

Bring the flowing essence of nature into your living spaces with the new Flow surface, offering a harmonious and inviting elegance.

MAGMA

Magma... A force hidden deep within nature that reshapes life when it rises from the depths...

A symbol of transformation...

Inspired by this captivating transformation, we brought the new Magma surface from the depths of nature to your living spaces.

With its natural textures, bold lines, and striking design, the new Magma surface transforms your spaces with its durability, warmth, and elegance. It combines the intensity of the past with the sophistication of the future.

VISION *new decors*

For further information

Our new decors will breathe fresh life into your living spaces, with stories that will touch your soul...

Drawing from nature's palette and the richness of art, our new decors transform any living space into more than just a setting—they craft a unique and memorable experience.

EVOGLOSS *new decors*

For further information

EVOGLOSS panels are made by applying PVC/PET foils, available in over a hundred glossy and matte decor options, to high-quality MDF surfaces. You can create unique, modern, and beautiful living spaces with the Evogloss panel options.

FLOORPAN / ARTFLOOR STREET *new*

For further information

The **STREET series**, with its **249 mm** width, is the widest among **8 mm** laminate flooring collections. It offers greater design freedom, allowing architects and master craftspeople to create more original and creative decorations.

Our **249 mm** wide laminate flooring gives rooms a modern and spacious feel. The new STREET series combines elegance and functionality, and is designed to complement any interior design.

FLOORPAN / ARTFLOOR ORION *new*

For further information

ORION BRONZE+
8 MM

ORION GOLD
10 MM

ORION SAPPHIRE
12 MM

The **Orion Bronze+ (8 mm)**, **Orion Gold (10 mm)** and **Orion Sapphire (12 mm)** series maintain their original performance for years to come, thanks to our exceptionally durable **Match** surface with the register feature.

The **Match** surface of the Orion series features the register functionality. This feature ensures the surface is precisely aligned with the decorative paper. The resulting 3D texture captivates the eye and entices the touch, creating a depth of sensation. These surfaces, particularly on laminate flooring, help achieve a natural look and add aesthetic richness.
